

## FINAL EXAM SCHEDULE – Spring 2010

# *Martin Community College*

- The final exam schedule will be used for all classes with the following exceptions:
  - Mini-semester classes will hold exams during the last class meeting.
  - Final exams for online classes (sections 50, 51, 52, 53) will be arranged between students and instructors.
- Instructors choosing not to give a final exam **must hold class during the scheduled examination period.**  
 Exams not starting on the hour will follow the schedule for the hour in which the class starts.  
 Example: 8:30 classes will follow the 8:00 class schedule.
- **Any changes in the exam schedule must be approved by the Dean of Academic Affairs and Student Services prior to administering the exam.**
- All five-contact-hour developmental courses that require a post test with the possibility of a retest may administer the post test for the first time in the earlier scheduled time slot; that is, they may use the MWF time or the TTH time, whichever is earlier.
- Night classes will have exams on the night in which the required number of class hours is met. This may or may not occur during the exam period.
- Exams are scheduled based upon when the classes are taught. **Do NOT change your class times.**
