## High School-To-College Entrepreneurship Pathway

The Entrepreneurship curriculum is designed to prepare students with the knowledge and skills necessary for employment and growth as self-employed and business owners. Student Learning Outcomes:

- Demonstrate an understanding of entrepreneurial concepts and how these concepts can lead to self-employment and business ownership.
- Identify and utilize appropriate technology, techniques and practices to collect, process, and interpret information for decision making and business promotion.
- Demonstrate professional interpersonal and communication skills necessary to create opportunities and to develop as a self-employed business owner.
