High School-To-College EQUINE TRAINING Pathway

The Equine Training curriculum is designed to prepare students for positions within the horse industry. The curriculum is management oriented, preparing graduates for the widest range of available equine jobs.

Student Learning Outcomes:

- Demonstrate the level of responsibility and work ethic necessary to be effective and successful in the equine industry
- Assess equine injuries and apply first aid while utilizing proper safety techniques
- Demonstrate a balanced seat and the proper use of natural and artificial aids while applying basic riding and training techniques to green and broke horses
